Superintendent's Report:
Last Wednesday Mr. Bittaker, Mr. Banks, and Mrs. Shultz met with AMP to discuss the 2026 Power Supply. Our current cost for June was 8¢ and it will be going up to 10¢ in 2026. The increase in power costs is mainly due to capacity and transmission charges resulting from big data centers pulling a lot of power from the grid.
Mr. Bittaker also had a meeting with Simonson regarding the WWTP Expansion project, with a possible start date at the end of the month.
